

ENHANCING OUR CULTURE OF CARING

MODULES 3 & 4 (3.0 CEUs)

MODULE 3

THE HEALING ENVIRONMENT

PROVIDING CARE TO OUR PATIENTS AND MEMBERS

Describe authentic presence and healing communication modalities

Analyze the connections between care experience nursing strategy and caring science

Describe the nurse's role in empowering patients and families to engage in genuine teaching-learning experiences that honor their healing journey.

MODULE 4

CARITAS CONSCIOUSNESS

EVOLVING OUR CARE ENVIRONMENTS

Examine how you, as a clinician, demonstrate creative use of self in the caring process

Discuss the importance of moving from authority to collaboration when engaging in authentic patient/family teaching

Develop a HeartMap that reflects how you will integrate Caring Science into your professional practice
