- Instructor-led online sessions every second Wednesday from 5 – 6:30 p.m. PDT, September – March
- Up to four hours of additional, self-paced online course time each month

Coming soon!

Family Caregiving Champion Certificate Program

The KP Scholars Academy partners with the Family Caregiving Institute to pilot the new certificate program.

According to AARP, 97% of health care providers say caregivers play an important role in patient care but fewer than half of caregivers say they're prepared for the demands.

Upon completion of the certificate program, you'll be positioned to address the needs of family caregivers.

Qualifying KP clinicians include RN, NP, CNS, MD, DO, LCSW and chaplain roles. Applicants must be non-represented staff and receive approval of KP Scholars Academy to participate in the pilot.

No prerequisites are required and continuing education units are provided.
