

**Samuel Merritt
University**

The COVID-19 pandemic
is changing healthcare.

Achieving a BSN
is a gateway to
nursing opportunities
beyond the bedside.

**PROGRAM IS NOW
COMPLETELY
ONLINE**

RN to BSN PROGRAM

NOW ENROLLING FOR FALL 2022

About the program:

- Focus on the art and science of 21st century nursing
- Cohort-based curriculum designed for your busy lifestyle
- Class is held only once a week; choice of day and time
- This program is an academic affiliate of the Watson Caring Science Institute (Watson Caring Science Institute (WCSI))

RN to BSN Program benefits:

- Enhance options for your career mobility
- Improve engagement with patients, co-workers, and families
- Change the culture of healthcare
- Integrate the principles of Unitary Caring Science and Caritas™ into your practice
- Learn from published nursing thought leaders
- Lessen risk for burnout, compassion fatigue and vicarious trauma

Program requirements:

- An associate's degree in nursing (no other pre-requisites required)
- 70 transferable semester credits—all credits counting toward the associate degree in nursing are transferable

TUESDAY, APRIL 26

5:00PM
