

Nursing Informatics Fellowship

Application Period Ends on 04/28/2024

KP NCAL frontline RNs are invited to apply for the inaugural Nursing Informatics (NI) Fellowship.

This 12-month educational program is an opportunity to deepen your understanding of Nursing Informatics and its role in enhancing patient care.

Program Structure:

- Monthly educational sessions (CE eligible)
- Individual NI project with a presentation to Nursing Leadership
- Mentorship from experienced Nursing Informaticists

Benefits:

- Gain knowledge in the integration of nursing and technology
- Develop a project focused on nursing informatics
- Contact Hours will be provided

Eligibility & Commitment:

- Open to all KP NCAL RNs
- 8 hours per month time commitment

Key Dates:

- Application Period: April 15 through 28, 2024
- Notification Period: May 13 & 14, 2024
- Program Start: Week of July 15, 2024

Modules will be conducted virtually, culminating in an in-person celebration where fellows present their projects.

Contact: Please e-mail: David.L.Boyd@kp.org

How to apply:

Application Process:

Applications are accepted through either the link or QR code shown below starting on April 15, 2024.

The selection process is based on application and resume.

Selected fellows are expected to manage their time according to educational leave provisions and maintain support from their sponsoring manager.
