Nursing Unstoppable: Reclaiming Our Voice, Our Value, Our Profession is our Winter 2026 Illumination Series event, scheduled for February 17 from 12-1 pm.

Nurses are the backbone of healthcare and yet too often, their voices go unheard, or their value goes unrecognized. Nursing Unstoppable is a powerful, energizing experience that reignites pride in the profession and equips nurses with the tools to advocate, influence, and lead change from wherever they stand.

Through bold storytelling, real-world strategies, and purpose-driven engagement, participants learn how to elevate their impact, strengthen their boundaries, amplify their voice, and reclaim the profession they love. This program is in service to a movement to restore the power, purpose, and possibility of nursing.
